

Focal Point

Priceless Information – On the House!

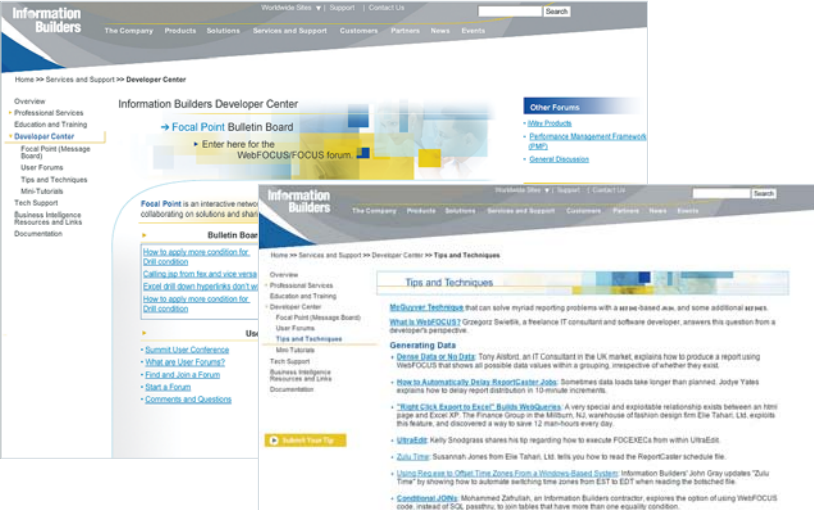

Free interactive network for problem solving and sharing tips and techniques with your peers.

Almost 4,000 developers are collaborating on original, elegant solutions to complex technical issues right now. You can join this exclusive group by registering for Focal Point, Information Builders' free interactive network for problem solving and sharing tips and techniques with your peers.

By becoming a Focal Point member, you can:

- Peruse more than 5,000 topics for answers to your questions on FOCUS, WebFOCUS, and iWay Software solutions
- Create a new topic for discussion and address your specific issues
- Display your technical prowess by posting a solution
- Stay informed on the latest developments in Information Builders solutions

Visit the Focal Point Web site at informationbuilders.com/focalpoint for more information or to register. And feel free to contact the Focal Point team at focalpoint@ibi.com if you have any questions. 

The screenshot displays the Information Builders Developer Center website. The top navigation bar includes links for 'WorkMedia Sites', 'Support', and 'Contact Us'. The main content area is divided into several sections:

- Information Builders Developer Center:** Features a 'Focal Point Bulletin Board' with a search bar and a link to 'Enter here for the WebFOCUS/FOCUS forum'. It also lists 'Other Forums' such as 'Info Products', 'Performance Management Framework (PMF)', and 'General Discussion'.
- Bulletin Board:** Contains a list of topics, including 'How to apply more condition for Drill condition', 'Calling .inc from .inc and vice versa', and 'How to apply more condition for Drill condition'.
- Use:** Lists links for 'Summit User Conference', 'What are User Forums?', 'Find and Join a Forum', and 'Start a Forum'.
- Tip and Techniques:** A section titled 'My Custom Technique' that can solve myriad reporting problems with a set-based .inc, and some additional areas. It includes a 'Generating Data' section with links to 'Dates, Times or No Data', 'How to Automatically Delay Report/Center Jobs', and 'UltraEdit'.
