

Information Builders Developer Center

"Even with 19 years experience using the FOCUS language, I am constantly learning about new techniques and features using the Focal Point user forum. There's a seemingly endless supply of knowledge and experience available when I'm in a tight spot."

Darin Lee

Workers Compensation Fund

"Focal Point is the most amazing resource of experts in the industry from all over the world! I've made so many valuable friends to network with and share ideas."

Carol Dobson

Babson Capital

"As a newer customer using WebFOCUS, it's extremely helpful to learn from other customers in a collaborative environment such as Focal Point."

Phil Schrader

Jobs2Web

FocalPoint**Learn. Share. Collaborate.**

6,000 developers, 18,000 topics, and 100,000 posts – all in one place.

Join Focal Point – A Free Online Community

Focal Point, Information Builders' online community, is more than a bulletin board. It's an interactive network of more than 6,000 developers from almost every profession and industry, collaborating on solutions and sharing tips and techniques.

Find Answers Quickly

Whether your question is regarding WebFOCUS configurations, installations, specific error messages, upgrades, formatting issues, or general usability, you're sure to find an answer among the more than 18,000 different topics with more than 100,000 posts. Of course, you're always welcome to begin a new discussion. Focal Point members are glad to help and are eager to share their unique tips and solutions.

Stay Informed

Helpful resources such as newsletters, webcasts, and mini-tutorials keep you abreast of what's new and with WebFOCUS. Other forums include discussions regarding iWay Software integration product lines such as architecture or compatibility with third-party products – and there's even a forum hosting events and career opportunities for FOCUS and WebFOCUS developers.

Who Should Join

Information Builders offers solutions for every industry and Focal Point is where you can meet the people you need to know.

Analysts

CEOs and CIOs

Consultants

Database experts

Developers

Directors

End users

Executives

Help desk agents

IT technicians

Managers

Owners and presidents

Power users

Programmers

Project leaders

Reporting specialists

Software engineers

Web architects

Membership Is Free, but the Information Is Priceless

The **Focus on Developers** section contains informative articles written by Focal Point members, detailing solutions that often began as a post to the forum. For example:

- **Dense Data or No Data:** Learn how to produce a report using WebFOCUS showing all possible data values within a grouping, irrespective of whether they exist
- **Rotating Column Text Title:** Learn how to rotate column header text to reduce horizontal space on HTML reports with ACROSS columns
- **Right-Click Export to Excel Builds WebQueries:** Learn how to exploit the relationship between an HTML page and Excel which saved one company 12 man-hours every day
