

Information Builders is one of the largest independent software companies in the world. We work with over 11,000 customers to ensure their success by putting interactive and actionable information in the hands of everyone in the extended enterprise: employees, partners, suppliers, and customers.

WebFOCUS can access and report on more data types than any other reporting solution on the market.

WebFOCUS for J.D. Edwards

Comprehensive Business Intelligence for the J.D. Edwards Enterprise

Make the Most of Your J.D. Edwards Investment

Today's marketplace is changing rapidly, and the ability to respond quickly and efficiently to dynamic market trends is crucial to the success of many businesses. Companies worldwide invest millions of dollars in ERP solutions such as J.D. Edwards to improve the way they conduct business. But while J.D. Edwards provides significant benefits, customers often need to supplement it with additional capabilities in order to achieve critical business goals.

Real-Time Business Intelligence Solutions

Getting ahead in today's competitive environment demands the ability to conduct real-time analysis. Strategic decisions require access to sophisticated enterprise-level intelligence. This is more than what most standard reporting applications can offer. To address the reporting needs of all levels of users, Information Builders offers WebFOCUS for J.D. Edwards.

WebFOCUS for J.D. Edwards is part of Information Builders family of i-business enterprise reporting and integration solutions. It is powerful enough to meet your organization's most complex and varied reporting needs, providing up-to-the-minute access to information and a clear snapshot of business operations.

WebFOCUS Functionality

WebFOCUS for J.D. Edwards supplies all the power and functionality of our standard WebFOCUS business intelligence solution, but is optimized to work seamlessly with J.D. Edwards World and OneWorld applications. WebFOCUS for J.D. Edwards empowers users to easily generate the most complex reports from data in J.D. Edwards, as well as more than 85 other sources. Users can select a variety of output formats, including HTML, Adobe PDF, XML, spreadsheets, and others.

Find Out More

To find out how WebFOCUS for J.D. Edwards and i-business can help your company succeed, talk to an Information Builders representative today. Contact your local Information Builders office, visit us at www.informationbuilders.com, or in the U.S. and Canada, call **(800) 969-4636**.

Features and benefits include:

- The ability to extend the reach of your enterprise while staying connected to vital business information with wireless capabilities
- Sophisticated complex, custom, and ad hoc reporting capabilities, including the ability to create multi-dimensional reports from a single pass at the data
- A managed reporting environment that lets administrators maintain control over reports and sensitive data while insulating users from complexities of operational data
- Automated report distribution capabilities for scheduling reports and automatically distributing them via e-mail and handheld devices such as PalmPilots™
- An integrated 4GL language with the most extensive capabilities of any SQL product on the market
- Sophisticated query governing for optimizing systems usage and costs

Comprehensive Support and Service

Information Builders places as much emphasis on the quality of our support and service as we do on our software. WebFOCUS for J.D. Edwards includes comprehensive support such as installation guidance, consulting, and training. We also provide on-site assistance that includes development of reports. Throughout the process, our highly skilled staff of professionals will work with your IT department, integrators, and consultants to ensure that you are satisfied with your WebFOCUS solution.

A Path to Leverage Success

Today WebFOCUS is helping organizations all around the world leverage their J.D. Edwards implementations for a greater return on investment. These companies extend across every major industry, from high technology and automotive to aerospace and pharmaceuticals. They include such leading companies as Disney Cruise Line and Pride International.
